DATA

Hospital Survey Form (Hard Copy) 1992-1998

No charge
\$3 for additional blank copies

Blank copy of the Annual Survey of Hospitals form.

Hospital Survey (Hard Copy) 1992-1998

\$5 per survey

Copy of the Annual Survey of Hospitals submitted by each facility.

Hospital Survey Data on Diskette (DOD) 1991-1998

\$250 per year

DOD are available in ASCII (.txt), database (.dbf) and spreadsheet (.wb2) format.

All years include a blank copy of requested year's survey, variables listing, and documentation.

Nonprofit Hospital Charity Care Data (Hard Copy) 1994-1998

\$3 per copy

Annual Statement of Community Benefits Standard form for individual hospitals. The form provides information on standards selected and certain financial data reported by the nonprofit hospital relating to charity care, government-sponsored indigent health care and other community benefits.

Nonprofit Hospital Charity Care Data (Diskette) 1994-1998

\$75 per year

Charity care and community benefits information compiled from the Annual Statement of Community Benefits Standard forms. Information is available in ASCII (.txt), spreadsheet (.wb2) and database (.dbf) format. Includes a blank copy of the requested year's form, variables listing, and documentation.

Nonprofit Hospital Annual Report of the Community Benefits Plan (Hard Copy)
1994-1998

A hospital specific annual report of Community Benefits Plan (includes goals, objectives, and achievements) submitted by Texas nonprofit hospitals under state charity care and community benefits reporting requirements.

DATA PRODUCTS AND REPORTS

SPECIAL REPORTS

Migration for Birth 1997

Annual report describes patient origin and destination for childbirth by county.

No charge

Texas Department of Health Inventory of Health Related Databases 1997

Contains one-page summaries for 194 databases maintained by the Texas Department of Health. Includes information on database description, its purpose, socio-demographic variables, geographic coverage of the data, year(s) of data available, collection mandates, available reports, and contact person.

This report can be viewed on the OPP Web site.

\$20
No charge for first copy

Texas' Healthy People 2000 Health Status Indicators by Race and Ethnicity 1980-1996

No charge

The Health Status Indicators presented in this report were developed to provide a measurable, understandable and outcome oriented assessment of community health at the federal, state and local level. For most of the indicators, data are presented over the past 10-14 years in order to determine if Texas' health status relative to that indicator is improving, remaining the same or worsening. In addition to showing Texas data over time, the most recent national rates by race and ethnicity are compared to Texas rates for the same year.

This report can be viewed on the OPP Web site.

Texas Acute Care Hospital Fact Sheet (Hard Copy)

No charge

Two page summary on Texas acute care hospitals. Page 1 provides information by ownership, bed size and location (1998). Page 2 includes information on trends in utilization, uncompensated care and gross patient revenue from Annual Survey of hospitals (1992-1996). Updated version will be available by March 2000.

Selected Demographic and Public Health Measures: Rankings for Texas Counties 1995 - 1997

No charge

This report presents selected demographic, health status, and outcome measures by rank and by county which are commonly requested and utilized for community planning and evaluation. The sentinel indicators found within this report provide an 'early warning system' for areas that may be at risk for poor health outcomes. The rankings and comparisons provide a historical benchmark to assess the short and long-term efforts expended towards improving or maintaining a community's health.

5

TEXAS DEPARTMENT OF HEALTH
OFFICE OF POLICY AND PLANNING
DATA PRODUCTS AND REPORTS

STRATEGIC PLANNING AND POLICY ANALYSIS

Texas State Health Plan, 1999-2004

\$20

No charge for first copy

The Plan serves as a guide to help Texas decision makers formulate appropriate health policies and programs. The Texas Statewide Health Coordinating Council prepares the Plan every six years with biennial updates.

The Plan can be viewed from the TDH Web site under the Leadership section.

TDH Strategic Plan - Fiscal years 1999-2003

\$20

No charge for first copy

The Strategic Plan provides an examination of external and internal factors that affect the Texas Department of Health's ability to meet its mission and goals of delivering public health services. These services range from registering births, immunizing children, providing health care for low-income families, preventing diseases and assessing health status to regulating food and drugs, licensing private psychiatric hospitals and recording deaths. The Plan presents policy makers and the public with information on how TDH strategically approaches its public health responsibilities. The 2001-2005 TDH Strategic Plan will be published in June 2000 and available on the web in July 2000.

This Plan can be viewed from the TDH Web site under the Leadership section.

Policy Briefs: Tobacco Advertising and Youth 1996

No charge

How Early Is Too Early? (Maternal Hospitals Stays) 1996

Each Policy Brief presents an analysis of a current issue affecting the health of Texans. The analysis provides a critical examination of a health issue and its implications on the public's health status. Current issues covered include tobacco advertising and youth and the length of maternity stays. The briefs provide the public and policy makers with educational and informational facts for making decisions about health issues.

These Policy Briefs can be viewed from the OPP Web site - Selected Policy Papers.

Assuring a Strong Health Safety Net in Texas 1997

No charge

This report resulted from the work of an ad hoc committee of the Texas Statewide Health Coordinating Council (SHCC). The Ad Hoc Committee on Local Health Departments and Hospital Closures and/or Reconfigurations sought to provide an accurate picture of the condition of the Texas health safety net to policy makers and the public. In Texas, the health safety net has been more of a goal than a reality. The committee proposes recommendations for addressing short and long-term issues to providing a safety net of health services to all Texans.

STRATEGIC PLANNING AND POLICY ANALYSIS

Aging Texas Well 1999

\$20

No charge for first copy

This report is a collaborative achievement by Texas Department of Health personnel and programs concerned with the health issues of older adults. In partnership with the Texas Department on Aging and as a member of the Aging Policy Council, the Texas Department of Health prepared this report to identify and address major health policy issues as directed by the 75th Legislature in Senate Concurrent Resolution 36. Its purpose is to give Texas citizens objective information to help them prepare for retirement and aging. This report will be placed on the TDH web in February 2000 and be viewed from the OPP Web site - Selected Policy Papers.

The State of Public Health: Local & State Government Issues in Texas 1998

No charge

HCR 44 (75th Legislature) required the Texas Department of Health, the LBJ School of Public Affairs, the UT School of Public Health, and Texas A&M University to study the role of local governments in providing public health services and report findings and recommendations to the 76th Legislature. The named partners as well as many other public health stakeholders met for more than a year and developed this report on the current public health system in Texas, the gaps in the public health infrastructure, and recommendations for improvements.

This report can be accessed at the following web site: <http://www.tdh.state.tx.us/innovation>
